Professional Summary

A highly motivated and detail-oriented B.Tech CSE graduate with hands-on training in Java FullStack Development. Proficient in Java, Spring Boot, Hibernate, REST APIs, and front-end technologies like HTML, CSS, JavaScript, React.js, and Angular. Skilled in designing and developing full-stack web applications with a strong understanding of SQL and MongoDB. Familiar with version control tools (Git) and agile development methodologies. Passionate about learning and implementing new technologies, solving complex problems, and delivering user-friendly software solutions.

Experience

Certified Java FullStack Developer

February 2025 – Present

Simplilearn | Link

Online

- Proficient in Java & Spring Framework: Hands-on experience with Spring Boot, Hibernate, and RESTful web services to build scalable and secure backend solutions.
- Front-End Expertise: Skilled in crafting responsive and interactive UI using HTML5, CSS3, JavaScript, React.js, or Angular.
- Database Management: Strong command of SQL and experience with databases like MySQL, PostgreSQL, or MongoDB for efficient data handling.
- DevOps & Deployment: Familiarity with version control systems like Git, build tools like Maven/Gradle, and CI/CD pipelines for smooth deployment.
- Problem-Solving: Strong analytical skills with a knack for solving complex challenges and optimizing system performance.

Pumo Technovation

July 2023 – August 2023

Web Designer Intern

Tambaram, Tamil Nadu

- Intern with experience in creating and styling web pages using HTML, CSS, and JavaScript.
- Developed responsive layouts, designed navigation menus, and enhanced website functionality for an improved user experience. Gained practical knowledge in front-end development and worked closely with a team to deliver visually appealing and interactive web pages.
- Gained practical knowledge in front-end development and worked closely with a team to deliver visually appealing and interactive web pages.

Projects

Text-to-Speech | Link

Tools Used: HTML/CSS, JavaScript, Github.

- Text-to-Speech Application is a user-friendly web tool built with HTML, CSS, and JavaScript that converts typed or pasted text into audible speech.
- The application provides options to select different voices, adjust speech rate, and control pitch for a customized listening experience.
- This project showcases the integration of web technologies with browser APIs to deliver accessible and interactive functionality.

Weather App | Link

Tools Used: HTML/CSS, JavaScript, Github.

- This project is a web application that provides real-time weather updates for any location.
- It utilizes HTML, CSS, and JavaScript to deliver a user-friendly interface and fetches data using the OpenWeatherMap API.
- Utilized the layout editor to create a UI for the application in order to allow different scenes to interact with each other.

Client Management Application | Link

Tools Used: HTML/CSS, JavaScript, Angular
Mysql, Github, Agile, Jira Software.

- The Client Meeting Application project is a web-based application designed to schedule, manage, and track client meetings efficiently.
- This project is build using Angular 11 + Spring Boot example with a CRUD App.
- The back-end server uses Spring Boot with Spring Web MVC for REST Controller and Spring Data JPA for interacting with MySQL database. Front-end side is made with Angular 11, HTTPClient & Router.

Technical Skills

Programming Languages: Core Java, JavaScript, TypeScript.

Frontend Development: HTML5, CSS3, JavaScript.

JavaScript Library Frameworks: React, Next.js, Bootstrap

Version Control: Git, GitHub

Databases: SQL, PostgreSQL, MongoDB.

Software: Visual Studio Code, MySQL Workbench, Git Bash, GitHub Desktop

Tools and Platforms: Docker, CI/CD Pipelines, REST APIs, Agile/Scrum

Computer Science Fundamentals: Data Structures and Algorithms Object-Oriented

Soft Skills

- Strong willingness to learn and adapt to new technologies.
- Good communication and collaboration skills.
- A proactive mindset with attention to detail.
- Ability to work effectively in a team-oriented environment.

Education

B.S.Abdur Rahman Crescent Institute of Science and Technology.

Vandalur, 600048

B.TECH Computer Science & Engg.

2021–2025

Certifications

- * **AWS Technical Essential Updated:** Simplilearn | *Link*
- * **AWS Cloud Practitioner Essentials:** AWS TRAINING AND CERTIFICATION | *Link*
- * **JavaScript Algorithms and Data Structures:** Free Code Camp | *Link*
- * **AWS Developer Associate:** Simplilearn | *Link*
- * **All About Planning and Designing UI:** Simplilearn | *Link*

Extracurricular

- * Languages Known: English(Full Professional Proficiency), Tamil(Native Proficiency), Hindi(Limited Professional Proficiency), French(Elementary Proficiency)
- * Government Typewriting English Senior passed : 35WPM.
- * Solved 100+ Leet Codes with respect to Javascript and Core Java.
